the presence that demands respect. Yet she is a gentle
entity with nothing but the best wishes for all life forms
in the galaxy.

Meet Drew Bird

I am a performance artist and a costume designer in the LA union 892. I studied acting with Sandy Robbins in a professional acting program, and went on to work on Broadway. After indulging in the theatre I moved to LA to become involved in Film and Television as a professional Costume Designer.

In the last 4 year I became reunited with my desire for performance art. And started to work as the Galactic Queen for events and parties. I wanted to offer a form of entertainment that was an experience into the incredible arena of the mind. Through my studies with the shaman of Brazil, and the healing powers of Raiki I realized I had a gift to share with people, (the power of positivity). I believe in bringing more happiness into the world.

I offer one on one consultations at events, and private parties.

A variety of extravagant costuming.

Malesuada eleifend, tortor molestie, a a vel et. Mauris ipsum et suspendisse, neque aliquam faucibus.

A transformational experience.

I charge \$600.00 for the event set up and travel within the LA area.

If out of state I also charge hotel and air travel.

Let me show your guests something beyond their imagination, that will delight and entertain. Let me make your event a truly unique experience.
